

Epos Now Advent Calendar

1 Easy to use with temporary staff
It takes just 15 minutes to train a new staff member on the basics of the Epos Now till. Staff permissions prevent unauthorised discounts and refunds.

3 Gift Cards
Epos Now allows you to offer your customers gift cards, with your own personalised branding. Research has found that people spend 40% more than the value of their gift card.

5 Build a marketing database
Add customers to your database in seconds allowing you build up your marketing database, email your customers receipts and satisfaction surveys.

12 Real-time reporting
Epos Now's powerful reporting is real-time, empowering you to discount your worst performing products early.

14 Powerful Promotions
Offer your customers promotions based on the amount they spend, or what items they buy, helping to drive up your average customer spend, without manual calculations.

21 Stock
Make sure you never run out of your best-sellers again. See real-time accurate stock levels, and receive automatic notifications when your stock needs re-ordering.

23 Gift Receipts
Offer your customers gift receipts with the press of a button.

24 Cut your queues this Christmas
Don't risk queues sending your customers elsewhere. Make use of barcodes and to cut your transaction times.
